RE: Zoning Draft B comments

TO: Ravalli County Commissioners and the Planning Department

Dear Commissioners, Karen and Vanessa,

I have spoken with legal counsel for Home School families regarding a concern that has been identified within the current zoning Draft.

We have been advised to request that verbiage be added to the definition of Educational Facility.

In the creation of Draft C, please be sure to change the definition by striking the period at the end of the sentence, adding a comma and inserting the words SHALL NOT INCLUDE HOME SCHOOLS.

Thank you,

Terence McNamara
